

Cat Attention List Historic Information

The Cat Attention Response Tracker is a spreadsheet maintained by the Cat Program Manager. Data illustrated within this document is historic and only to be used as an example.

Cat Attention List Response Data

Responses to Austin Animal Centers' cat attention list are recorded in a spreadsheet. The purpose of this spreadsheet is to keep track of the cats that Austin Pets Alive! responds to on a daily basis over the year, from AAC's attention list, and how that compares to years past.
